

Jon Bones Jones Networth

Jon "Bones" Jones, known for his fighting skills and controversies, has earned a lot of money in his UFC career. His net worth is estimated between \$3 million to \$15 million, depending on different sources.

Endorsements

Jon Jones was the first MMA fighter to be sponsored by Nike internationally. Jones now has his shoe line and an additional sponsorship deal with Gatorade.

Inconveniences

During an on-stage staredown, Jon Jones leaned in and touched his forehead to Daniel Cormier, leading to a brief scuffle with shoves and punches.

Philanthropic Gestures

Jon Bones Jones Visiting Children's Hospitals: Jones spends time visiting children's hospitals, bringing joy to young patients.
